**POLICY RESOLUTION NO 22**

- TOPIC** Ethics, Standards, Practice and Professional Conduct
- SUBJECT** Code of Practice for Licensed Surveyors – NT
- POLICY** The Board resolved to implement the “Northern Territory Surveyors Board Direction - Code of Practice for Licensed Surveyors” and will:
- advocate that ethics, conduct and practice influence the decision making process at our workplace, judgement in the practice of surveying, and the execution of responsibilities by a survey professional
  - encourage professional surveyors to acknowledge that their ethical or moral responsibilities extend to the community, to their clients and employers, to their peers and to their employees
  - recognise that shared values or principles such as integrity, independence, care and competence, and a sense of duty as fundamental elements to the growth and development of our profession
  - recognise the importance of codes for ethics, conduct or practice for professional surveyors being founded and created on such values
  - recommend all professional surveyors and graduate surveyors conform to relevant codes of ethics, conduct or practices
  - administer relevant codes of ethics, conduct or practices.

**ADOPTED** in the meeting of 17 November 2020.
